OUR VALUES

Our values are preferred practices that will be employed in pursuit of our Business Direction, captured in the acronym COME WIN.

On one hand, it is an invitation to excel. On the other, it sums up the philosophy that will guide our success.

CONSUMERS: For they are the reason we exist.

MEMBERSHIP: For a sense of ownership empowers us.

EXCELLENCE: For it unleashes our potential.

WEALTH: For on it hinges our growth.

INNOVATION: For it gives wings to ideas.

CONSUMERS

The wealth of the Company is created by the patronage of consumers. The primary focus of our efforts will be to understand what adds greatest value to them. We will understand and respond to changing needs and desires of the consumer; and translate these into marketable products and an ever-expanding base of loyal consumers, with speed and a quality of response that surpasses the competition.

MEMBERSHIP

Wholesome membership is when a person brings his or her entire being into the organisation. We will allow space for diversity and encourage genuine expression of feelings, opinions and viewpoints. Equally important is the ability to listen without bias and alter one’s view based on soundness. Inter-personal transactions will be characterised by trust, empathy, faith, fairness and respect. Membership gives each member a role in articulating and shaping the destiny of the organisation which in turn builds commitment and ownership. We will encourage teamwork and a shared approach to results as it promotes synergy, removes communication barriers and improves the overall quality of decisions and performance.

Public acknowledgement creates recognition and also spurs others. We will spontaneously recognise and appreciate both individuals and teams for their contributions reflected in rising standards of performance.

EXCELLENCE

We will focus on policies and practices where people produce consistently superior performance and where people are encouraged to discover their untapped potential. Competent members will be careered through increased and varied role responsibilities. They will be attractively compensated based on personal and collective accomplishment.

WEALTH

All our efforts must culminate in the creation of wealth. We will do so by continuously adding value in everything we do through a variety of methods. We will use resources productively, eliminate waste, reduce cycle times and costs, and enhance the consumer base.

INNOVATION

The future of our organisation rests on our willingness to experiment, push in new and untested directions, think in uncommon ways and take calculated risks. Continuous improvement should be a part of everyday work. We must also innovate to achieve dramatic results. Members will be encouraged to experiment and take calculated risks where necessary. We acknowledge that failure is inherent in any new initiative. We will commit resources for experimentation and invest in processes for reviewing and sharing of learning.
